

TITAN® QuickChange™ Tine Heads

**Spend more time aerating
and less time changing tines!**

TORO

Count on it.

TITAN® QuickChange™ Tine Heads

Increase your aeration productivity and efficiency!

Versatile – Change tine applications quickly and avoid the hassle of difficult installation and removal of tines.

Productive – Exclusive taper-lock installation uses one simple tool to replace tines with no nuts or bolts that are easy to drop or misplace.

Efficient – Change worn or damaged tines in the field to significantly reduce down time. During routine maintenance, a complete set of tines can be replaced quickly, reducing the set-up time by up to 75%.

Titan QuickChange Tine Heads are available for Toro® ProCore® 648, 864 and 1298 aerators.

Contact your Toro distributor for more information and to order.
