- POWERFUL ENGINES**  
Durable Briggs & Stratton engines provide power and durability, allowing you to mow efficiently at speeds up to 6 mph.
- COMFORTABLE RIDE**  
Armrests, adjustable footrest, high-back seat and padded control levers provide a comfortable, ergonomic ride.
- RECYCLER MOWING DECKS**  
Optional Recycler® decks cut and recut grass clippings, nourishing your lawn with a fine mulch.
- STREAMLINED DESIGN**  
Standard engine cover reduces noise for a quieter ride and keeps the engine protected from dirt and debris.
- WASHOUT PORT**  
Quickly and easily clean the underdeck with Toro's innovative washout port.
- INTEGRATED PARKING BRAKE**  
Automatically engages the brake when control levers are moved outward, eliminating the need for a separate parking brake and simplifying operation.
- CUPHOLDER & TOOL BOX**  
Comfort is enhanced with subtle details like the standard cupholder and tool box.
- HYDRAULICALLY DAMPENED CONTROL LEVERS**  
Get smooth, jerk-free operation to ensure superior productivity.
- ANTI-SCALP WHEELS**  
Anti-scalp wheels float the mowing deck evenly above your lawn, eliminating scalping.
- UNMATCHED DURABILITY**  
Thick 10-gauge steel frame and cast-iron front axle deliver years of reliable performance.

\*The gross horsepower of this engine was laboratory rated by the engine manufacturer in accordance with SAEJ1940. As configured to meet safety, emission, and operating requirements, the actual engine horsepower on this class of lawn mower will be significantly lower. \*\*AVS Anti-Vibration System reduces engine vibration by up to 80% compared to previous Synchro-Balanced® Briggs & Stratton engine design. \*\*\* See your dealer for details on warranties.
