

TORO.

Count on it.

TITAN Z Zero Turning Radius Mowers

The shark in the gene pool.

Only one residential zero turning radius mower comes equipped with commercial-grade DNA-Toro® TITAN Z. A colossal chunk off the Toro industrial-strength Z legacy, it's the most relentless grass-eating machine ever. Predisposed to long days and enormous yards. Born to perform and built to last. TITAN Z. Overkill? Maybe. Essential? Absolutely. After all, life is always better at the top of the food chain.

This baby doesn't purr. It growls.

The Toro® TITAN Z is one razor sharp machine. Everything is unmistakably Toro, the proven authority in zero turning radius quality advanced, welded steel cutting deck to see the light of day. Plus a comfort seating system that's got your back. Front to back

TORO TOUGH

Durability is our middle name. Formidable features include a fully welded, reinforced cutting deck, heavy-duty tubular steel frame, maintenance-free caster wheel assembly and rugged engine compartment. All backed by Toro's 3 year limited warranty.*

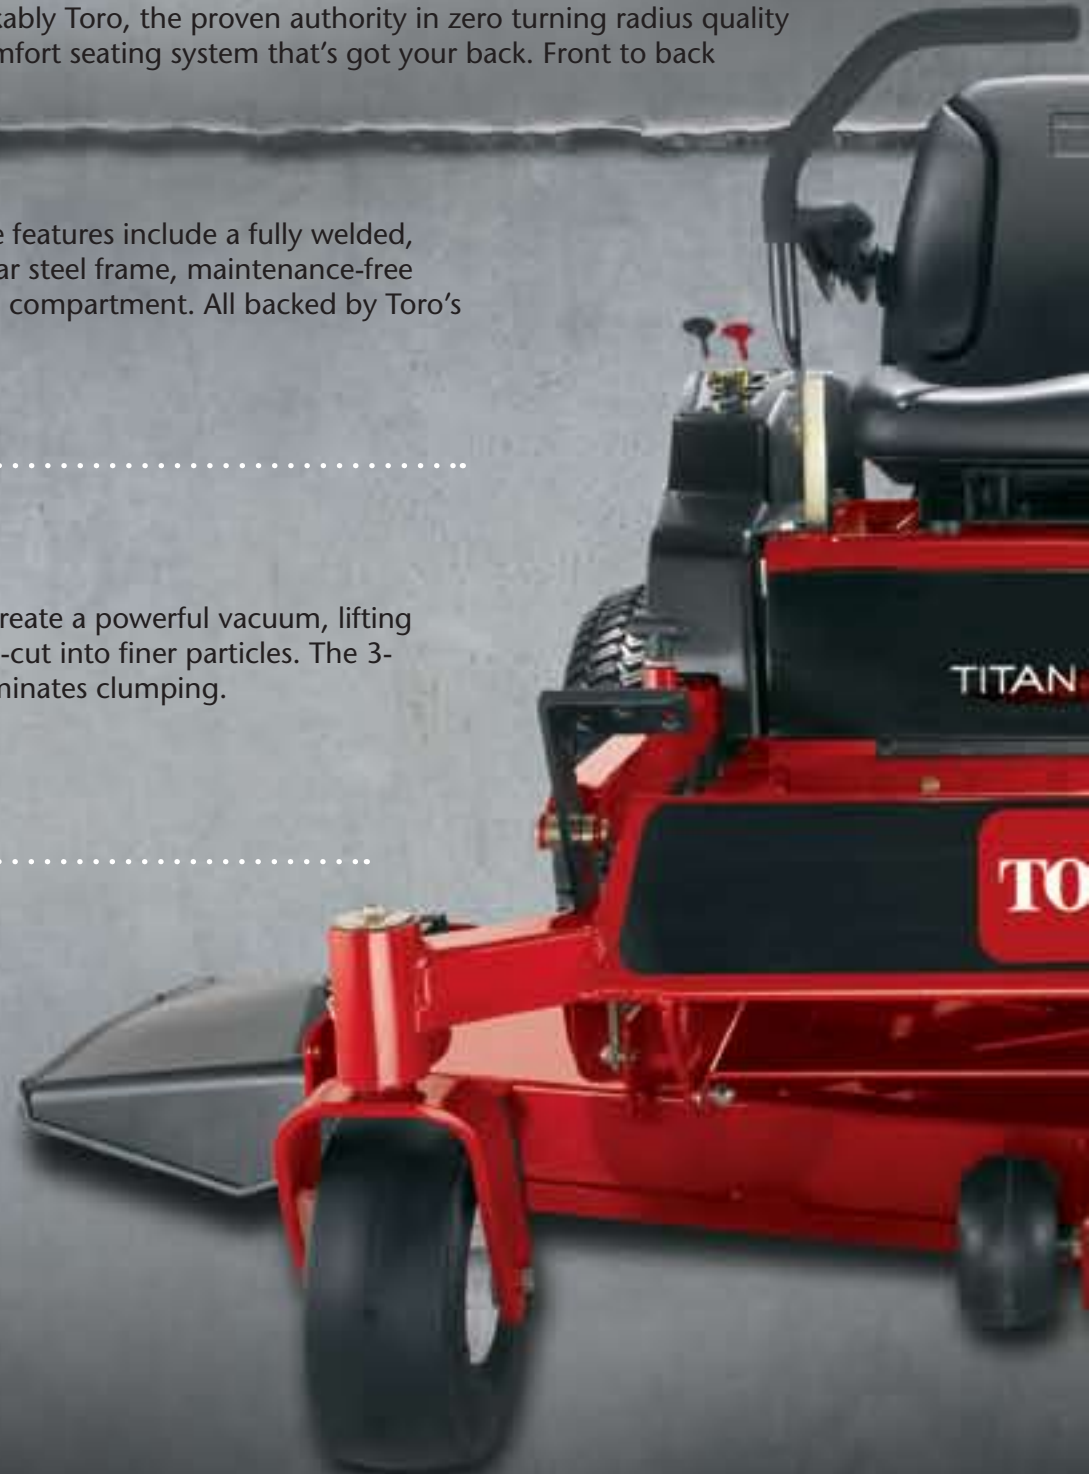

MAXIMUM MOMENTUM

The 4" deep deck and sailed-edge blade create a powerful vacuum, lifting and suspending clippings until they are re-cut into finer particles. The 3-blade design enhances dispersion and eliminates clumping.

CONTROL²

Twin independent ZT2800 hydrostatic drives with integrated charge pumps allow precise, multi-directional cutting control while hydraulic dampers eliminate "jerky" operation and arm fatigue.

* A full coverage 3 year warranty. See retailer for full details or go to www.toro.ca.

and innovation. The 2" x 2" tubular steel-welded frame, the unwavering backbone for our rugged power train. And the most – and every weld in between – TITAN Z is built to take everything you throw at it and come out smelling like fresh cut grass.

POWER TRIP

Intelligent distribution of power is a Toro trademark. We marry high-output, low-maintenance twin cylinder engines with specific TITAN Z configurations to deliver peak performance and speeds up to 7.0 mph. And cast iron cylinder liners, full-pressure lubrication and an efficient OHV design mean the joyride won't be ending anytime soon.

HARDCORE COMFORT

With our premium comfort package, you'll want to mow all day. The low center of gravity creates added stability. A forgiving 18" high back seat with three shock absorbing springs, adjustable armrests and ergonomically inspired control levers put you comfortably in control. Even the cup holder is designed around you.

PUT YOUR FOOT DOWN

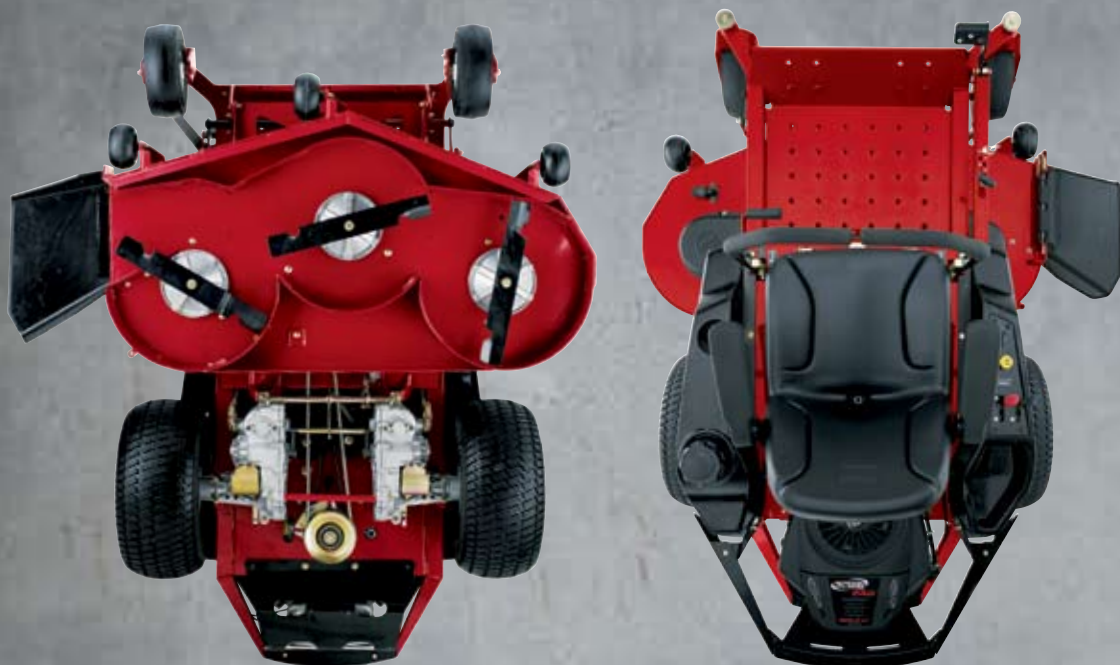

The foot-operated height of cut adjustment feature frees your hands for more important work. It allows you to raise the deck while in-use or reset the cutting height for a more precise cut.

For complete specifications, see the following page.

Performance runs in the family.

With these commercial grade attachments and accessories, you'll have to fight the primal urge to mow the corporate campus next door. Choose your Toro® Titan Z with confidence knowing the Toro nameplate comes standard.

Attachments and Accessories

TWIN BAGGER

Attaches easily and is great for cleaning up grass clippings.

MULCH KIT

Optional mulch kit cuts and re-cuts clippings into fine particles and redirects them back into the turf for a healthy looking lawn.

HEADLIGHT KIT

Gives you the option to mow your grass in low light conditions.

SUN SHADE

Helps protect your skin and eyes from the harsh summer rays.

We reserve the right to improve our products and make changes in the specifications, designs and standard equipment without notice and without incurring obligation. Products depicted in this brochure are for demonstration purposes only. Actual products offered for sale may vary in design, required attachments and safety features.  Indicates model upgrade.

*The gross horsepower of this engine was laboratory rated by the engine manufacturer in accordance with SAE J1940. As configured to meet safety, emission, and operating requirements, the actual engine horsepower on this class of lawn mower will be significantly lower. ** See owner's manual for details on warranty coverage.

To ensure your buying satisfaction is all it's meant to be, a global family of Toro lawn equipment experts stands ready to back one of the most solid warranties in the industry. That's our promise. Count on it.

Protect Your Investment.

Your Toro riding mower is designed to provide you with many years of reliable operation. When it comes to maintaining it, always choose genuine Toro parts.

Kohler® Engines.

Powerful Kohler Twin-Cam or Twin-Cylinder engines provide peak power, smooth operation and reliable performance to help reduce your mowing time.

Flexible Payment Plans.

Visit Toro.com or talk to your dealer for special finance offers. Offer subject to credit approval by GE Money and participation is at the option of the dealer.

Service Where You Need It.

We have one of the largest networks of servicing dealers of any riding mower manufacturer, making any necessary repair quick and convenient. For a complete list of Toro dealers, please visit www.toro.ca.

Know Your Equipment.

We're counting on you to think and live safely. Always make sure you and all operators read the Operators Manual before using the equipment. Pay close attention to all safety and operating decals.

3 Year Limited Warranty.

The Titan Z is warranted against defects in materials and workmanship for 3 years.*

Knowledge is power.

Visit <https://homeownersolutions.toro.com> to get up to speed on your Toro® TITAN Z – from parts and warranty information to manuals, accessories, sales and service locations, and more. Then get revved up about Toro products for all seasons at www.toro.ca or call us at 1-800-544-5364.
