Model No. 127-1546

Model No. 127-1547

Model No. 127-1548

Model No. 127-1549

Form No. 3406-628 Rev A

## Installation Instructions

This product complies with all relevant European directives; for details, please see the separate product specific Declaration of Conformity (DOC) sheet.

You may contact Toro directly at [www.Toro.com](http://www.Toro.com) for product and accessory information, help finding a dealer, or to register your product.

## Installing the Brush onto the Shaft

1. Install 1 spring pin in the middle hole as shown in [Figure 1](#).

**Note:** Some older groomer shafts have holes that are too small for the spring pins. If that is the case, use a 7/32-inch drill bit to make the middle hole larger.

2. Groomer shaft

2. Slide the brush onto the groomer shaft ([Figure 1](#)).
3. Secure the other end of the groomer shaft with second spring pin.
