Parts Catalog

21in Heavy-Duty Recycler®/Rear Bagger

Lawn Mower

Model No. 22298—Serial No. 402100000 and Up

Ordering Replacement Parts

To order replacement parts, please supply the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form a:b. The a represents the reference number of the entire service assembly and the b represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number 6, the tire by 6:1, the valve by 6:2, and the wheel by 6:3. When you order the assembly identified by reference number 6, you receive all parts identified by reference numbers 6:1, 6:2, and 6:3. However, you may also order any part individually. Reference numbers of this type appear in illustration and in parts lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form nX y. The n represents the quantity of the part, the X is the multiplication symbol, and the y represents the reference number.

For example, in an illustration, the reference number 2X 37 means that two of the parts identified by reference number 37 are indicated.

Engine and Blade Assembly 8

Height-of-Cut and Wheel Assembly 10

Transmission and Rear Wheel Assembly 12

Transmission Assembly No. 131-5350 14

Handle and Control Assembly 16

Attachments and Accessories 18

This technical drawing is an exploded view of a vehicle body assembly, likely for a small truck or van. The main body panel (1) is the central component. Various parts are shown being attached to it, including a front fender (2), a rear fender (3), a side panel (4), a door (5), a rear window (6), a front bumper (7), a rear bumper (8), a side mirror (9), a door handle (10), a door lock (11), a door hinge (12), a door latch (13), a door seal (14), a door trim (15), a door weatherstripping (16), a door hinge pin (17), a door hinge bush (18), a door hinge pin bush (19), and a door hinge pin cap (20). The diagram uses dashed lines to indicate the assembly path for each component.
