Z Master® Professional 6000 Series Riding Mower

**with 152cm TURBO FORCE® Side Discharge
Mower**

Model No. 74925TE—Serial No. 403138045 and Up

Ordering Replacement Parts

To order replacement parts, please supply the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form a:b. The a represents the reference number of the entire service assembly and the b represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number 6, the tire by 6:1, the valve by 6:2, and the wheel by 6:3. When you order the assembly identified by reference number 6, you receive all parts identified by reference numbers 6:1, 6:2, and 6:3. However, you may also order any part individually. Reference numbers of this type appear in illustration and in parts lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form nX y. The n represents the quantity of the part, the X is the multiplication symbol, and the y represents the reference number.

For example, in an illustration, the reference number 2X 37 means that two of the parts identified by reference number 37 are indicated.

● Not illustrated

This exploded view diagram illustrates the assembly of a mechanical unit, likely a pump or motor. The components are numbered as follows:

- 1**: A long shaft or axle.
- 2**: A fan or impeller assembly with a central hub and multiple blades.
- 3**: A circular base plate or cover.
- 4**: A small pin or clip.
- 5**: A small cylindrical component, possibly a bearing or seal.
- 6**: A small ring or washer.
- 7**: A series of three stacked rings or seals.
- 8**: Multiple small O-rings or seals used throughout the assembly.
- 9**: A large, complex housing or frame with multiple mounting points.
- 10**: A small pin or clip.
- 11**: A small rectangular component, possibly a sensor or switch.
- 12**: A bracket or support arm.
- 13**: A small pin or clip.
- 14**: A small pin or clip.
- 15**: A large, ribbed cylindrical component, possibly a motor or pump housing.
- 16**: A small pin or clip.
- 17**: A small pin or clip.
- 18**: A small pin or clip.
- 19**: A small pin or clip.
- 20**: A small pin or clip.
- 21**: A small pin or clip.
- 22**: A small pin or clip.
- 23**: A small pin or clip.
- 24**: A small pin or clip.

The diagram shows the relative positions and assembly sequence of these components, with dashed lines indicating the path of assembly.
