Parts Catalog

52in TITAN® HD 2000 Series Riding Mower

Model No. 74461—Serial No. 400000000 and Up

Ordering Replacement Parts

To order replacement parts, please supply the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form a:b. The a represents the reference number of the entire service assembly and the b represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number 6, the tire by 6:1, the valve by 6:2, and the wheel by 6:3. When you order the assembly identified by reference number 6, you receive all parts identified by reference numbers 6:1, 6:2, and 6:3. However, you may also order any part individually. Reference numbers of this type appear in illustration and in parts lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form nX y. The n represents the quantity of the part, the X is the multiplication symbol, and the y represents the reference number.

For example, in an illustration, the reference number 2X 37 means that two of the parts identified by reference number 37 are indicated.

This exploded view diagram illustrates the assembly of a mechanical device, likely a pump or motor. The components are labeled with numbers and sub-labels:

- Top Assembly:**
 - 42:** Main housing or cover, with sub-labels 42:1, 42:2, 42:3, and 42:4 indicating different sections or features.
 - 10:** A cable or hose with a connector.
 - 10:2:** A small connector or fitting.
 - 59:** A component, possibly a sensor or actuator, mounted on the side of the housing.
 - 23:** A cylindrical component, possibly a filter or a part of the fluid path.
 - 6:** Small circular components, possibly O-rings or seals, located around the cylindrical part 23.
- Base and Mounting Structure:**
 - 54:** A large, complex mounting bracket or base plate.
 - 1:** A small pin or screw used for mounting.
 - 57:** A vertical pin or screw.
 - 49:** A horizontal pin or screw.
- Internal Components and Assembly:**
 - 30:** A bracket or support arm.
 - 48:** A pulley or wheel.
 - 2:** A component, possibly a bearing or a part of the drive mechanism.
 - 33:** A component, possibly a bearing or a part of the drive mechanism.
 - 46:** A small pin or screw.
 - 32:** A vertical pin or screw.
 - 14:4:** A component, possibly a spring or a part of the drive mechanism.
 - 45:** A coiled spring.
 - 14:2:** A small pin or screw.
 - 14:3:** A component, possibly a spring or a part of the drive mechanism.
 - 14:** A component, possibly a spring or a part of the drive mechanism.
 - 56:** A small pin or screw.
 - 50:** A vertical pin or screw.
 - 27:** A long, flexible hose or cable.
 - 8:** A pulley or wheel.
