FORM NO. 01-502-1770

TORO®

MODEL NO. 44901

INSTALLATION INSTRUCTIONS

SAND PRO 5000 MOUNTING KIT

1. Attach both Mounting Plates (RH and LH) to the inside of the Sand Blade 240 as shown in Fig. 1. Put on nuts but do not tighten.

2. Slide the Sand Blade 240 toward the Sand Pro.

3. Attach the (4) U-Bolts to the frame of the Sand Pro through the Mounting Brackets. The inside U-Bolts attach around the channel under carriage of the Sand Pro. See Fig. 2. Secure all nuts.

4. Connect the springs to the lower hole on the Mounting Plates. See Fig. 1.

5. Hook the S-Hook of the chain into the Mounting Bracket. This places the Sand Blade in transport position.
