

Rake and VacTM Blower/Vacuum

Model No. 51573—210000001 and Up

Parts Catalog

Ordering Replacement Parts

To order replacement parts, please supply: the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form **a:b**. The **a** represents the reference number of the entire service assembly and the **b** represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number **6**, the tire by **6:1**, the valve by **6:2**, and the wheel by **6:3**. When you order the assembly identified by reference number **6**, you receive all parts identified by reference numbers **6:1**, **6:2**, and **6:3**. However, you may also order any part individually.

Reference numbers of this type appear in illustrations and in part lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form **nX y**. The **n** represents the quantity of the part, the **X** is the multiplication symbol, and the **y** represents the reference number.

For example, in an illustration, the reference number **2X 37** means that two of the parts identified by reference number **37** are indicated.

Sheet No.: 2

Blower/Vacuum Assembly

Ref. No.	Part No.	Qty.	Description
☆2		1	Decal-Serial, Rake & Vac
2:1	100-9087	1	Label Stock-Serial
3	104-3804	1	Decal-Rake & Vac
4	100-9088	1	Decal-Cord Lock
5	100-9072	1	Tube-Blower
6	104-3843	1	Tube-Insert
7	100-9067	1	Cover-Inlet
8	100-9068	1	Impeller-Blower
9	100-9075	1	Nut-Impeller
10	94-4496	9	Screw-PPH
11	93-0585	1	Washer
13	104-3819	1	Wire Harness ASM, 2 Speed
14	100-9085	2	Wire-Jumper
15	100-9083	1	Switch-Interlock
