PURPOSE	Follow the directions below to maintain this tool.
SAFETY 	Refer to the product <i>Operator's Manual</i> for complete safety information.

Perform the necessary maintenance procedures as specified in the following tables (for complete procedures, refer to the *Operator's Manual*):

Tool Inspection Process

Step	Action
1	Clean grass clippings and dirt from under the machine.
2	Check the condition of the traction drive belt and pulley.
3	Clean the engine by removing dirt and debris from the top and sides
4	Check the blade-brake-clutch operation.
5	Ensure that the engine stops within 3 seconds after releasing the blade-control bar.
6	Check the condition of the wheels.

Recommended Routine Maintenance:

Step	Action
1	Change the engine oil.
2	Replace the air filter.
3	Replace the spark plug.
4	Replace or sharpen the mower blades.
