TimeCutter® ZS 4200T

Riding Mower

Model No. 74687—Serial No. 408976622 and Up

Ordering Replacement Parts

To order replacement parts, please supply the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form a:b. The a represents the reference number of the entire service assembly and the b represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number 6, the tire by 6:1, the valve by 6:2, and the wheel by 6:3. When you order the assembly identified by reference number 6, you receive all parts identified by reference numbers 6:1, 6:2, and 6:3. However, you may also order any part individually. Reference numbers of this type appear in illustration and in parts lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form nX y. The n represents the quantity of the part, the X is the multiplication symbol, and the y represents the reference number.

For example, in an illustration, the reference number 2X 37 means that two of the parts identified by reference number 37 are indicated.

Contents

Frame Assembly	4
Deck Lift Assembly	6
Tire and Caster Assembly	8
Traction Drive Assembly	10
LH Hydro Transmission Assembly No. 139-7450	12

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or engine cover. The main housing (4) is the central component. Key sub-assemblies include:

- Top Assembly:** Consists of a base plate (10) with a bracket (11) and a rod (14) ending in a cap (15). A small pin (26) and a clip (9) are also shown.
- Side Mounting:** A bracket (5) is shown being attached to the side of the housing (4) using a screw (27).
- Internal Components:** A bracket (1) with a pin (27) and a screw (28) is shown. A complex internal linkage or valve mechanism (6) is shown with various pins (24), a rod (19), a spring (18), and a cable (25). Specific points on the mechanism are labeled 6:1, 6:2, and 6:3.
- Bottom Assembly:** A bracket (2) is shown being attached to the bottom of the housing (4) using a screw (27) and a pin (31). A small bracket (3) and a screw (28) are also shown.
- Cap:** A circular cap (8) is shown being attached to the top of the housing (4) using a screw (27).

 Dashed lines indicate the assembly path for each component.

Body Styling and Fuel Pod Assembly (continued)
