

Air Conditioner and Heater Blower Kit

Mauser KS-524 Cab

Model No. 02882

Installation Instructions

This product complies with all relevant European directives. For details, please see the Declaration of Incorporation (DOI) at the back of this publication.

Installing the Air Conditioner and Heater Kit

1. An additional fitting kit is required to install the air conditioner and heater unit into the Safety Cab. See the table below for the correct kit for your machine.

Fitting Kits by Model Number

Models	Fitting Kit Part Number
LT324, RM3240-D, LT3240	02885
R324T, GM3240-D, R3240T	02883
T424, RM4240-D, T4240	02884

2. If this kit is being used to upgrade a previously installed Safety Cab, remove the existing cab heater as described in the *Installation Instructions* that came with the cab.

Note: This air conditioner and heater unit is a replacement for the heater that comes with the Safety Cab.

3. Install this kit as detailed in the Safety Cab *Installation Instructions*.

Note: The same procedure is used for this air conditioner and heater unit as is used for the heater-only unit that comes with the Safety Cab.

Notes:

Declaration of Incorporation

The Toro Company, 8111 Lyndale Ave. South, Bloomington, MN, USA declares that the following unit(s) conform(s) to the directives listed, when installed in accordance with the accompanying instructions onto certain Toro models as indicated on the relevant Declarations of Conformity.

Model No.	Serial No.	Product Description	Invoice Description	General Description	Directive
02882	—	Air Conditioner and Heater Blower Kit	AIR-CON & HEATER BLOWER FOR BASIC CAB	Air Conditioner and Heater Blower Kit	2006/42/EC, 2014/30/EU

Relevant technical documentation has been compiled as required per Part B of Annex VII of 2006/42/EC.

We will undertake to transmit, in response to requests by national authorities, relevant information on this partly completed machinery. The method of transmission shall be electronic transmittal.

This machinery shall not be put into service until incorporated into approved Toro models as indicated on the associated Declaration of Conformity and in accordance with all instructions, whereby it can be declared in conformity with all relevant Directives.
