**Subject:      Compression checking adapter for Peugeot engines.**

The Owatonna Tool Company (OTC) has incorporated Peugeot Compression Adapter (305283) into Compression Test Kit (TOR 3003). This Adapter may also be obtained separately through OTC or your local Toro distributor. This new Adapter is used in conjunction with Compression Test Kit (TOR 3003) to perform compression tests on Peugeot XUD9 Engines (currently used in GROUNDMASTER® 455-D and REELMASTER® 335-D/3500-D).

**NOTE:**

The part numbers for Compression Adapter (305283) and the Compression Test Kit (TOR 3003) has been changed to Compression Adapter (TOR 3003A-1) and Compression Test Kit (TOR 3003A).
