Subject: Steering Shaft and Bushing Sizes Differ.

The size of the Input Shaft (66-9900) for the steering column has been increased from 3/4 inch to 7/8 inch.

When the Input Shaft (66-9900) is ordered you will get a 7/8-inch diameter shaft with the proper bushing, seal and service instructions.

To service the 3/4 inch shaft use Bushing (66-9780) and Seal (66-9770).

To service the 7/8 inch shaft use Bushing (104-9327) and Seal (92-7315).

Please retain this bulletin with your parts book for future reference.
