**Subject:** Seat Suspension Update.

The suspension in Deluxe Suspension Seat Kit (Model #30772) now has two Secondary Springs to provide additional suspension. The Secondary Springs control the last 1-2 inches of seat suspension travel and improves the ride for heavy operators.

Secondary Springs are available and can be installed on earlier Seat Kits using the parts listed in the quantities below. The new parts are circled in the diagram below for easier identification. Parts are available through your local Toro distributor.

- 93-3163 Spring
  93-3164 Cap
  93-3165 Bracket
- 1) 322-6 Screw
- 1) 3217-6 Nut
- 1) 3253-33 Lockwasher
