Subject: **Availability of Fuel Filter Kit (92-9739).**

An optional Fuel Filter Kit (92-9739) is now available that provides you with several benefits, such as increased water/sediment Bowl capacity, easier to drain (no tools needed), and a Water-in-Fuel warning light indicator system. The Fuel Filter Kit comes complete and replaces the original Fuel Filter. This Kit is highly recommended as an additional precaution to protect your investment from the detrimental effects of water contamination. A copy of the Fuel Filter Kit Parts Catalog is included below. The kit is available through your local Toro distributor.
