### MultiPro® 1100

**Model/Serial Range:**    **Model Number:**    **Serial Numbers:**  
   41105     60339-60535

**Subject:**      **Muffler changes due to California Emissions Standards.**

To comply with California Emissions a larger muffler was installed into the units identified in this bulletin. The parts manual does not reflect this change, which may result in ordering a part that will not fit. The larger muffler required for California Emissions has 1-1/2 inch (38 mm) inner diameter tubing which requires a different Muffler Clamp, Muffler, Spark Arrestor, and Header Pipe Assembly (see Parts List below).
