

# TimeCutter<sup>®</sup> Z Riding Mower

Form No. 3352-232

## Setup Instructions

Use these instructions and procedures below when setting up this mower.

**Important** Refer to the *Operator's Manual* for complete details on safety, operation, maintenance, and the warranty.

## Setup

- 1. Lift the seat and verify that the positive battery cable (red) is attached to the positive (+) battery terminal. This will require slightly lifting the red terminal boot on the battery end of the positive cable.
- 2. Attach the negative battery cable (black) to the negative (-) battery terminal with the bolt and wing nut supplied.
