Form No. 3353-501 Rev A

Brushcutter

Model No. 51934B—240000001 & Up

Parts Catalog

Ordering Replacement Parts
To order replacement parts, please supply: the part number, the quantity, and the description of each part.

Understanding Reference Numbers
Each identified part in an illustration has a reference number. The reference number for a part also appears in the list, along with other information about the part.

Understanding Figure Numbers
This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate a Figure Number.

Figure Numbers are represented as a Sub-Assembly which follow the exploded views.

Sub-Assemblies can be ordered as an Assembly or you may order any part indi–vidually.
