Parts Manual

CONGRATULATIONS on the purchase of your new Exmark mower. This product has been carefully designed and manufactured to give you a maximum amount of dependability and years of trouble-free operation.

If additional information is needed, or should you require trained mechanic service, contact your authorized Exmark equipment dealer or distributor.

If you need to order replacement parts from your dealer, always give the model number and serial number of your mower as well as the part number, description and quantity of the part needed.

The Serial No. plate is located on the top front engine frame on the right hand side of the machine.

For ease of ordering and reference, we suggest that you record the information requested in the following identification table.

Model No. _____

EXMARK PARTS PLUS® PROGRAM

EFFECTIVE DATE: September 1, 1995

Program

If your Exmark dealer does not have the Exmark part in stock, Exmark will get the parts to the dealer the next business day or the part will be FREE* Guaranteed!!

How the Program Works

1. If dealer does not have part in stock for a "down" unit at the time of request by customer, the dealer contacts his distributor by 1:00 p.m., local time, and requests Exmark Parts Plus® shipment of six (6) line items or less.
2. Distributor ships part(s) to dealer or customer, as requested by dealer, same day, overnight UPS. Distributor bills dealer for part and freight charges where applicable.
3. If distributor does not have the part(s) in stock to satisfy Exmark Parts Plus® order, he contacts Exmark by 3:00 p.m., central time, with an Exmark Parts Plus® order of six (6) line items or less.
4. If order is received by 3:00 p.m. central time, Exmark ships part(s) direct to dealer or customer, as requested by distributor, same day, overnight UPS. Exmark bills the distributor for parts and shipping charges, where applicable.
5. The customer pays for the part and freight if it is shipped under the Exmark Parts Plus® and if it arrive in accordance to the program.
6. Who pays for the part and freight if it fails to arrive overnight in accordance to the program?
 - A. Under any circumstance the customer does not pay.
 - B. If the part does not arrive overnight due to:
 1. The dealer not submitting the Exmark Parts Plus® order to his Exmark distributor by 1:00 p.m., the dealer pays for the part and freight.
 2. The Distributor being unable to ship the part the same day or not submitting the Exmark Parts Plus® order to Exmark by 3:00 p.m., central time, the Distributor pays for the part and freight.
 3. Exmark being unable to ship the part and the Exmark parts order is received by 3:00 p.m., central time, Exmark pays for the part and freight.
 4. If the part does not arrive overnight due to the shipper (UPS), the shipper pays for the freight and Exmark pays for the part.

The following restrictions apply -- The Exmark Parts Plus® Program is available only through participating Exmark Dealers and applies only to orders submitted on this program Monday through Thursday. UPS has initiated a Saturday delivery program to many areas of the continental United States and can be requested for an overnight shipment on Friday to be delivered Saturday. The next day air charge, plus the Saturday delivery fee will be the responsibility of the purchaser. Exmark Mfg. will assume no responsibility for Saturday delivery shipments. To qualify, all Exmark Parts Plus® orders must be received by Exmark by 3:00 p.m., central time. Orders must be six (6) line items or less. Exclusions from the Exmark Parts Plus® Program are: Any wholegood or accessory in its entirety, engines and engine replacement parts, 5-speed Peerless transmissions and 5-speed transaxles, hydraulic or hydrostatic wheel motors, cutter decks and engine decks or any item exceeding United Parcel Service size and weight restrictions.

Due to UPS restrictions, aerosol spray paint is considered a hazardous material and cannot be shipped via UPS next day or Second Day Air.

Exmark Manufacturing stocks a limited supply of parts for transaxles, pumps and wheel motors. These parts can be ordered for Next Day Air shipment but will not be guaranteed per the Parts Plus Program.

		(Only with B/S engine)			403087	Pulley, blade drive (6 3/4").....	1
26*	800283	5/16-18 x 3 1/2 HH capscrew	2			(For 32" and 48" Models)	
		(With 32" Model 8.5 HP B&S Engine)		55◇	803310	5/16-18 x 3/8 Cuppoint setscrew	3
	809065	M8-1.25 x 75mm HH capscrew	2	56◇	803050	5/16-18 x 3/4 Sq. setscrew	1
		(32" and 36" Kawasaki & Kohler)		57◇	803293	1/4-20 x 3/8 Cuppoint setscrew	2
	809065	M8-1.25 x 75mm HH capscrew	3	58	323379	Washer, shifter lever.....	1
		(48" and 52" Kawasaki & Kohler)		59◇	803046	5/16-18 x 1 Sq. setscrew	1
27*	800275	5/16-18 x 1 1/2 HH capscrew	2				
		(With 32" Model 8.5 HP B&S Engine)					
	809072	M8-1.25 x 25mm HH capscrew	2				
		(32" & 36" Kawasaki & Kohler)					
	809072	M8-1.25 x 25mm HH capscrew	1				
		(48" and 52" Kawasaki & Kohler)					

◇ Use Pro-lock (Nut type) Part No. 840022 (.5mm tube) on setscrew threads

▽ Apply anti-seize compound to pulley bore(blade drive pulley)

▲ Use Teflon Pipe Sealant (or equivalent) on all threaded areas.

* Torque Engine Mounting Bolts: Briggs & Stratton to 15-20 ft-lbs / Kohler & Kawasaki to 25-30 ft-lbs.

• Apply loctite RC609 to pulley bore (transmission pulley)

♦ Use Pro-lock (Nut type) Part No. 840022 (.5 mm tube) on setscrew threads.

• Not illustrated. Use Pro-lock (Retaining) on inside of OPC hub (See Operator's Manual) & on fuel tank studs

♦ OPC refers to Operator Presence Control.

NOTE: Use dielectric grease on all electrical connections.
