

## CE UPDATE KIT

36" ProLine Mid-Size Mower Model No. 30136

PART NO. 93-9455

## INSTALLATION INSTRUCTIONS

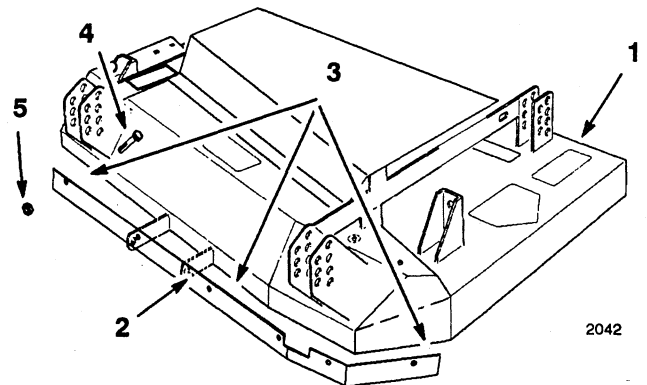

### Loose Parts

**Note:** Use the chart below to identify parts used for assembly.

DESCRIPTION	QTY.	USE
Front baffle	1	Install front deflector
Bolt 5/16-18 x 3/4" (19mm)	6	
Lock nut 5/16" thin	6	
Deflector guard	1	Install deflector baffle
Bolt 5/16-18 x 3/4" (19mm)	2	
Lock nut 5/16" thin	2	
Decal package	1	Replace existing decals

### Install Front Baffle

1. Locate baffle inside front of mower, so left end fits into angle and top fits up against top front edge. Using baffle as a guide, mark and drill (5) 9 mm holes in front of mower as shown (Fig. 1).
2. Install front baffle inside mower with 5/16 bolts, from the inside and secure with 5/16 thin lock nuts (Fig. 1).

**Figure 1**

|--------------------|-------------------------------|
| 1. 36" mower       | 4. Bolt 5/16-18 x 3/4" (19mm) |
| 2. Front baffle    | 5. Lock nut 5/16" thin        |
| 3. Drill 8 mm hole |                               |

## Install Deflector Guard

1. Measure 10mm in from rear outer corner of deflector and mark line to inside corner (Fig. 2). Cut deflector along line.
2. Mark and drill a 9 mm hole 13 mm up from the lower edge and 6.5 mm in from end of deflector (Fig. 2).
3. Hold deflector guard in a level position along rear of deflector.
4. Mark and drill a second 9 mm holes in deflector (Fig. 2).
5. Secure guard to deflector with (2) 5/16 bolts, through from inside, and 5/16 thin lock nuts (Fig. 2).
