Use the chart below to verify that all parts have been shipped.

Description	Qty.	Use
No parts required	–	Remove the old pop rivets and basket support.
Basket support Pop rivet	1 18	Install the basket support kit.

Removing the Old Pop Rivets and Basket Support

Before installing the new basket support kit, cut out the old pop rivets and remove the old basket support.

Installing the Basket Support Kit

1. Align the basket support with the existing holes in the basket (Figure 1).

Left side holes shown

4. Align the basket support with the holes in the basket.
5. Install the pop rivets into the basket support (Figure 3 and Figure 4).

Important: Ensure that the flange of each pop rivet is inserted against the inner, plastic wall of the basket, and not against the metal basket support.
