Parts Catalog

55cm Recycler®

Lawn Mower

Model No. 20958—Serial No. 316000001 and Up

Ordering Replacement Parts

To order replacement parts, please supply the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form a:b. The a represents the reference number of the entire service assembly and the b represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number 6, the tire by 6:1, the valve by 6:2, and the wheel by 6:3. When you order the assembly identified by reference number 6, you receive all parts identified by reference numbers 6:1, 6:2, and 6:3. However, you may also order any part individually. Reference numbers of this type appear in illustration and in parts lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form nX y. The n represents the quantity of the part, the X is the multiplication symbol, and the y represents the reference number.

For example, in an illustration, the reference number 2X 37 means that two of the parts identified by reference number 37 are indicated.

Engine and Blade Assembly 8

Front Wheel and Height-of-Cut Assembly 10

Height-of-Cut and Rear Wheel Assembly 12

Handle and Control Assembly 14

Upper Handle Component Assembly 16

Attachments and Accessories 18

This exploded view diagram illustrates the assembly of a mechanical device. The main components and their sub-assemblies are labeled as follows:

- 1:** The main housing or base plate.
- 5:** A large, curved structural component, possibly a fan guard or duct.
- 6:** A top cover or lid.
- 7:** Multiple screws used for fastening various parts.
- 14:** A bracket or support structure.
- 15, 16, 17, 18:** A vertical assembly, likely a handle or adjustment mechanism.
- 19:** A long, angled component, possibly a lever or arm.
- 19:2:** A sub-component of part 19.
- 20:** A small circular component at the end of part 19.
- 21:** A small cylindrical component.
- 22, 23, 25, 26, 27, 28:** Various internal components, including a central shaft assembly (22, 23, 25, 28) and other internal parts (26, 27).

Dashed lines indicate the alignment and assembly sequence of the parts.
