Parts Catalog

Z Master® Professional 5000 Series Riding Mower with 72in TURBO FORCE® Side Discharge Mower

Model No. 74934—Serial No. 316000001 and Up

Ordering Replacement Parts

To order replacement parts, please supply the part number, the quantity, and the description of each part desired.

Understanding Reference Numbers

Each identified part in an illustration has a reference number. The reference number for a part also appears in the parts list, along with other information about the part.

This catalog uses two special reference number formats, one to indicate parts in a service assembly and another to indicate the quantity of a given part in an illustration.

Service Assembly Reference Numbers

Parts in service assemblies have reference numbers in the form a:b. The a represents the reference number of the entire service assembly and the b represents a sequential number unique to each part within the service assembly.

For example, a wheel assembly might be identified by reference number 6, the tire by 6:1, the valve by 6:2, and the wheel by 6:3. When you order the assembly identified by reference number 6, you receive all parts identified by reference numbers 6:1, 6:2, and 6:3. However, you may also order any part individually. Reference numbers of this type appear in illustration and in parts lists.

Reference Numbers Indicating Quantity

In an illustration, if a reference number indicates more than one part, the reference number has the form nX y. The n represents the quantity of the part, the X is the multiplication symbol, and the y represents the reference number.

For example, in an illustration, the reference number 2X 37 means that two of the parts identified by reference number 37 are indicated.

This technical drawing is an exploded view of a mechanical assembly, likely a pump or engine component. The parts are numbered 1 through 24. The diagram shows the following components and their assembly sequence:

- Part 1:** The main housing or base plate, shown at the bottom.
- Part 2:** A fan or impeller assembly, shown at the top right.
- Part 3:** A circular plate or cover, shown at the bottom right.
- Part 4:** A small pin or fastener, shown near part 19.
- Part 5:** A screw or bolt, shown near part 2.
- Part 6:** A washer or spacer, shown near part 5.
- Part 7:** A series of three rings or seals, shown in the middle right.
- Part 8:** Multiple instances of a small circular component, possibly a seal or gasket, shown in several locations (near parts 2, 7, 15, 19, 23, and 3).
- Part 9:** A central shaft or pin, shown in the middle left.
- Part 10:** A long, thin component, possibly a piston or rod, shown in the middle left.
- Part 11:** A small component, possibly a pin or fastener, shown near part 9.
- Part 12:** A long, thin component, possibly a piston or rod, shown in the middle left.
- Part 13:** A small component, possibly a pin or fastener, shown near part 17.
- Part 14:** A small component, possibly a pin or fastener, shown near part 17.
- Part 15:** A large, ribbed component, possibly a cylinder or bellows, shown in the middle right.
- Part 16:** A small component, possibly a pin or fastener, shown near part 13.
- Part 17:** A small component, possibly a pin or fastener, shown near part 13.
- Part 18:** A small component, possibly a pin or fastener, shown near part 13.
- Part 19:** A small component, possibly a pin or fastener, shown near part 13.
- Part 20:** A small component, possibly a pin or fastener, shown near part 13.
- Part 21:** A small component, possibly a pin or fastener, shown near part 13.
- Part 22:** A small component, possibly a pin or fastener, shown near part 13.
- Part 23:** A small component, possibly a pin or fastener, shown near part 13.
- Part 24:** A small component, possibly a pin or fastener, shown near part 15.

The diagram uses dashed lines to indicate the assembly path and alignment of the components.
